UNITED STATES SENATE SELECT COMMITTEE
ON INTELLIGENCE ACTIVITIES (SSC)

- ☐ RELEASE IN FULL
☒ RELEASE IN PART
☐ TOTAL DENIAL

Reference is made to a letter from the SSC dated May 14, 1975, with attached appendices A through D, requesting certain documents and other information from the FBI.

Enclosed for your approval is the original of a memorandum responsive to the request of the Committee for access to a list identifying all warrantless telephone and microphone surveillances conducted by the FBI since 1960.

JFK Act 5 (g) (2) (D)

A briefing for Senator Church has been provided covering warrantless electronic surveillances, surreptitious entry for recovery of cryptographic material, teletype coverage requested by the National Security Agency and [redacted]

[redacted] requested by the National Security Agency. The [redacted] White House asked that agencies of the intelligence community not respond to any requests from the SSC covering these matters until the briefing had been given. The goal of the briefing was to confine knowledge of these matters to Senators Church and Tower and avoid proliferation of this information throughout the SSC Staff. In view of this, it is recommended that the enclosed material not be made available to the SSC Staff until it is discussed with the White House. I further urge that it be made clear to the White House that, if this material is to be made available to the SSC, access to the enclosed material be limited to Senators Church, Tower, and SSC Staff Director William Miller only.

A copy of this memorandum with its enclosures is being furnished for your records.

Reference is made to the letter, with attached appendices, dated May 14, 1975, to the Attorney General from the Chairman of captioned Committee, requesting certain documents and other information from the FBI.

Appendix D, Item 3, of referenced appendices requested this Bureau to provide Committee Staff access to a list of all warrantless electronic surveillances, identified by subject and target, which were instituted or operated by, for, on behalf of, or at the request of the FBI, from January 1, 1960, to present.

Two lists are enclosed showing the number and type of subject or target of all warrantless electronic surveillances conducted by the FBI from 1960 to July, 1975, the date of compilation. Data contained in these lists are responsive to the SSC request; however, due to privacy considerations and sensitive ongoing investigations, the revelation of which could adversely affect the foreign relations of the United States, the lists do not contain the identities of the individuals, organizations, or establishments upon which the electronic surveillances were conducted.
